

HSV Sports- and games- courses - Summer 2020

HSV offers courses in sports and games for children born in 2010–2013, who have finished classes 1–4 of elementary school.

To accommodate participants and their families because of the Covid-restrictions the period is longer than last year and the price is lower.

The courses will be held on the following dates:

June 9th–12th Price 4000 kronas (4 days).

June 15th–19th Price 4000 kronas (4 days).

June 22nd–26th Price 5000 kronas (5 days).

June 29th – July 3rd Price 5000 kronas (5 days).

The courses are every weekday from 9:00–12:00 and they start at the sports center on Torfnæs. The children can come at 8:30 but the program starts at 9:00. The supervisors are Bjarney Gunnarsdóttir, Heiðar Birnir Þorleifsson and Árni Ívarsson.

The program is very diverse, there will be games, trips to the shore, cycling tours, hiking, swimming and the children will try various sports, etc. They will bring meal packs from home with good and healthy food which they will eat mid-morning. They can register for all the weeks or only the ones they choose. It is important to register for the courses through the registration site www.hsv.felog.is

Registration closes at 1:00 p.m. on Friday for the course beginning on the following Monday. Since we need to divide the participants into smaller groups it is vital that everyone is registered in our system in time. Please make sure that the e-mail addresses are correct, because we will send the schedule for the week and other important information via e-mail to parents/custodians before the course begins.

We would like to emphasize that all children are welcome to attend the HSV sports- and games courses, whether they are residents in the HSV area or not. For further information contact Bjarney Gunnarsdóttir, tel. 696-3984 or e-mail ithrottaskoli@hsv.is
